● SHULIGHT® High Power 1W/3W Underwater/Underground Light

➢ Features

✧ High-intensity Power 3W LEDs in Red, Yellow, Blue, Green, White and RGB color with PMMA special optics lens.

✧ Optimized heat-scattering path and digital illumination patent technic.

✧ RGB color change version can be controlled by our special controller to get fancy performance.

✧ Molten aluminum body, stainless steel polishing or aluminum alloy faceplate, the thick tempered glass of 8-10mm glass.

✧ Durable, waterproof, dustproof and no creepage.

✧ Solid-state, Fast turn on.

✧ High Shock / Vibration resistant.

✧ Save energy and maintenance cost.

✧ Working Hours: >= 80000 hours.

➢ Applications

Applied in fountain, the square, garden, park, swimming pool and pond for decoration, etc. make the scenery at night more beautiful and more vivid.

➢ Technical Specifications

| Part Number	LED Qty	Dimension	Watts	Input Voltage	Color	Waterproo	Viewing Angle
SLU-V1210R-3H3	3 pcs	Φ120mm	9 W	DC24V	Unicolor / seven-color changing	IP68	± 60°
SLU-V1210R-6H3	6 pcs	Φ120mm	18 W				
SLU-V1815R-6H3	6 pcs	Φ180mm	18 W				
SLU-V1815R-9H3	9 pcs	Φ180mm	27 W				
SLU-V1815R-12H3	12 pcs	Φ180mm	36 W				

➢ Project application

SHULIGHT® Expert on LED Product
